PLANNING FOR LARGE INCREASE IN THE NAVY PROGRAM THAT CALLS FOR CONSTRUCTION OF FORTY NEW VESSELS.

Six Great Battleships and Twenty Gunboats of Various Types on the List—Torpedo Cruisers.

NEW YORK, Oct. 30.—A vast program for the increase of the navy that has ever before been contemplated on this side of the Atlantic is now under consideration by the board of construction, says a Washington dispatch to the Tribune, and if approved by the president, as it is expected to be, it is to be urged in congress at the coming session. The project involves the construction of not less than forty war ships, including various special types not hitherto built for naval purposes. The board of rear admirals which has taken up the subject under special directions from Secretary Long is availing itself of the highest expert opinions in the service in order that its report will not be open to unfavorable criticism among naval officers, it being the expressed intention of the navy department to discourage any opposition to a line of policy when once adopted.

The program will include no less than six ships of the heaviest armor and most destructive ordnance, with the highest practical and the greatest attainable radius of action upon a displacement of about 15,000 tons, combining the most desirable features of line of battle ships and cruisers. At least twenty gunboats are proposed of several types all of light draught, with large rapid-fire batteries and accommodations to give comfort to officers and crews stationed in the tropics. All of these gunboats will be able to go to Manila, and then, if necessary, to Chinese interior ports under their own steam. Provision is made in the programme for an increase in the torpedo flotilla by ten new vessels, including a new type of torpedo cruiser on the lines of existing torpedo boat destroyers, which can accompany a fleet of battle ships across the ocean. Several of the other new vessels in this category are to be submarine, if success attends the improved Holland boats now under contract.

The program will also include three armed colliers, larger than any vessels of this class ever built for a government, they are to have enormous capacity, enabling each of them to deliver 10,000 tons of coal to Manila, Guam or Pago Pago. A large unarmed ship which is recommended is a floating machine shop of about 6,000 tons displacement, for duty in repairing naval vessels at great distances from government yards, especially in the Philippines. Her design grows out of the experience with the Vulcan at Guantanamo, when that vessel obviated the necessity of withdrawing half the fleet from the Santiago blockade.

MINERS RESUMING WORK.

All the Operators Agreeing to the Advance in Wages.

SHAMOKIN, Pa., Oct. 31.—The Corbin colliery, operated by Andrew Robertson & Co., resumed work today, 500 men and boys being granted the 10 per cent increase last night. The Excelsior colliery, owned by the same firm, will resume tomorrow.

SHEXANDIAH, Pa., Oct. 21.—The Susquehanna Coal Company, at William Penn, near here, today granted the demands of the mine workers in that colliery and will resume operations tomorrow. This is one of the largest operations in the country, seven hundred men being employed.

HAZELTON, Pa., Oct. 31.—The Millersville Coal Company, operated by the A. S. Van Wyckle estate, will resume work Friday. The company this afternoon agreed to grant the men all the concessions made by the other companies and operators.

About 100 of the 150 girls employed at the Freedland silk mill, twelve miles north of here, went on strike this afternoon because of the refusal of the company to discharge a forewoman whose father, a miner employed at Jeddido, is said to have worked during the coal strike. The girls will demand a uniform wage rate of \$1 a day.

SHERMAN'S BIG ESTATE.

Divided Equitably Among the Senator's Blood Relatives.

MANFIELD, Ohio, Oct. 26.—The will of ex-Secretary John Sherman is voluminous and entirely in Mr. Sherman's handwriting. The estate is estimated at \$3,000,000.

Mrs. Mary Sherman McCullom gets \$1,000,000, half in real estate of her choice and the balance in bonds. After other bequests are paid she, with five others, gets the residue, making her share, it is estimated, \$500,000, and possibly more.

A biography is provided for to be published by some competent person within two years after Sherman's death, and \$10,000 is appropriated for this, as he stated he felt it to be his duty to the public. Papers, speeches and various documents are to be given into the biographer's hands.

The residue of the estate is willed, share and share alike, to Mary Stewart Sherman McCullom, daughter; Henry S. Sherman, son of brother Charles; Hoyt Sherman, son of brother Charles; William Sherman, son of brother Charles; Charles H. Sherman, son of brother William Sherman; Charles M. Sherman, son of brother Hoyt.

A Great Medicine.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy and find it to be a great medicine," says Mr. E. S. Phipps of Potomac, Ark. "It cured me of bloody flux. I cannot speak too highly of it." This remedy always wins the good opinion, if not praise, of those who use it. The quick cures which it effects even in the most severe cases make it a favorite everywhere. For sale by Benson, Smith & Co., general agents, Territory of Hawaii.

H. O. Kellogg and family of Santa Ana, brother of Mr. Kellogg, manager of the Hawaiian Fruit and Plant Co., arrived on the Alameda. He is here for the purpose of developing the water resources, the rights for which are alleged to have recently been granted to the Waialua plantation and the Hawaiian Fruit and Plant Co.

Miss Griswold, the well known singer, will give a concert at the Hawaiian opera house on the evening of November 23. Miss Griswold will be assisted by Paul Eery, the violinist, and by Professor Bal-laseyus, the piano instructor at Oahu college, as pianist and accompanist. With such talent as this the success of Miss Griswold's undertaking is assured.

The dance of the Heian club this evening promises to be as big a success as the recent smoker. The Heianists have the art of doing what they do well, and they propose to live up to their reputation in the coming celebration. Tickets are being subscribed for rapidly and the indications are that there will be a large crowd of young people in attendance.

The regular monthly meeting of the Japanese Y. M. C. A. will be held at their headquarters this evening at 8 o'clock. Theo. Richards, S. Okabe and others will speak. Mr. Okabe came recently from Japan. He is a graduate of the Doshisha Christian institute at Kyoto and was a classmate of Y. Fukukita, former president of this association, now studying in Stanford university. Dr. T. Mitamura will translate the remarks of Mr. Richards.
